RE: Justice Demands and Accountability Requires Your Resignation or Impeachment for (Among Your Many Other Impeachable Abuses or Violations of Public Trust) Your Condoning, Supporting, Inciting, and Managing Unjustified Killings, Shootings, and Cover-Ups Committed by Federal Immigration Agents Against Civilians

Dear Mr. President,

My conscience mandates that I send you this communique because, since my last communique to you, two persons[1,2] have been shot by ICE officers, and a third ICE officer was indicted for aggravated assault with a motor vehicle in Houston, Texas.[3]

On September 20, 2026, Wilber Rafael Garcés Pérez was shot and wounded by an ICE agent in Austin, Texas.[4] On October 8, 2026, Oscar Belgal was shot in the neck by an ICE agent in New

York City and wounded while his five-year-old son was in the vehicle.[5] Only two days later, on October 10, 2026, Miguel Parra-Henandez was struck and run over by an ICE agent in Houston, Texas, suffering a broken leg and other serious injuries.[6] The ICE agent, Mario Alberto Morales, was then indicted on a felony charge of aggravated assault with a deadly weapon on October 30, 2026.[7]

Mr. President, justice demands your accountability. Hence, you will be impeached or you will resign! Your unconstitutional, impeachable abuses of presidential power are unparalleled. Your many impeachable abuses of power include blatantly ignoring the Due Process Clause, the separation of powers, the independence of the judiciary, and the authority of Congress to declare war. You have also violated the public trust by turning ICE and CBP into your paramilitary death squads, as I will explicate in this communique.

Mr. President, your widely published words, deeds, and actions outlined herein provide more than enough evidence to impeach you without an investigation. The evidence for your impeachment is well known to Congress and the American people. It would be superfluous for Congress to conduct prolonged investigations to discover that which is already known. The salient question is whether Congress has the will to vote to impeach you within days, rather than engaging in months of performative investigations.

Mr. President, voting to impeach your Secretary of War was a necessary step. However, the constitutionally mandated step is to impeach you as the Commander in Chief, who ordered your Secretary of War to go to war without Congress.

The failure of Congress to impeach you would, in effect, normalize your impeachable offenses such that a future power-hungry president could assume that turning ICE and CBP into their death squads presidentially empowered to commit unjustified killings and cover-ups is tolerable. No other person needs to lose their life at the hands of your death squads before Congress has enough blood on its conscience to act on widely published evidence of your impeachable abuses of power.

Mr. President, you knew or should have known the power of your words, after having been impeached for incitement of an insurrection on January 6, 2021. In the spirit of speaking truth to power, Mr. President, you knew or should have known your incitive, incendiary, and inflammatory words could foreseeably provoke unjustified shootings and killings.

Mr. President, to quote the profoundly cautionary words of Emily Dickinson, "A word is dead when it is said, some say. I say it just begins to live that day."[8] Simply stated, incitive words are like a live airborne virus that can infect the mind with vicious, mean-spirited beliefs.

Mr. President, you have given life to some incitive, vicious, mean-spirited, infectious words. On September 7, 2024, at a campaign rally, while discussing your plans for the "mass deportation" of undocumented immigrants, you stated, "Getting them out will be a bloody story. They should never have been allowed to come into our country."[9]

Mr. President, this incitive statement, made by almost anyone other than a President of the United States, might have been merely aspirational. However, Mr. President, you made your "bloody story" words exceedingly operational upon your reelection to the presidency. Since returning to office, you have done the following to operationalize your "bloody story":

- **Mr. President, you gave life to an incitive, sinister "I've got your back should you commit federal crimes" message when you pardoned more than 1,500 persons convicted of or charged with federal crimes associated with the January 6, 2021, insurrection against the peaceful transition of power within the citadel of democracy.[10] In so doing, Mr. President, your written words made it perspicuously clear to U.S. Immigration and Customs Enforcement (ICE) and U.S. Customs and Border Protection (CBP) agents that they could act as your vicious, quota-driven, unaccountable paramilitary death squads**, committing and covering up unjustified federal crimes against civilians with impunity; that they could act as judge, jury, prosecutor, and executioner, because you would pardon them.[11]
- Just weeks ago, you further reinforced this incitive, sinister "I got your back" message by suggesting that you would use your pardon power to protect your people. Referring to the years of investigations and legal bills individuals could face, you, Mr. President, stated, "I don't want to see people that work for me go through years of nonsense, hire lawyers, and everything else, all for nothing."[12]

- **Mr. President, you condoned and supported unjustified killings of civilians, and you encouraged continued aggressive immigration enforcement tactics with your words and actions**, including by publicly defending unjustified killings by federal immigration officers and maligning the civilians killed by them:
    - Mr. President, on January 7, 2026, an unjustified killing took place when an ICE officer shot and killed 37-year-old Renée Nicole Good, an unarmed civilian and U.S. citizen.[13] You, Mr. President, then falsely claimed in a Truth Social post, "the woman driving the car [Renée Nicole Good] was very disorderly, obstructing and resisting, who then violently, willfully, and viciously ran over the ICE Officer, who seems to have shot her in self-defense… the reason these incidents are happening is because the Radical Left is threatening, assaulting, and targeting our Law Enforcement Officers and ICE Agents on a daily basis."[14]
    - Mr. President, another unjustified killing occurred on January 24, 2026, when federal immigration officers shot and killed 37-year-old Alex Pretti, a U.S. citizen

who was unarmed when officers opened fire, shooting him more than eight times.[15] You then made further misleading claims in a Truth Social post: "Agitator and, perhaps, insurrectionist, Alex Pretti's stock has gone way down with the just released video of him screaming and spitting in the face of a very calm and under control ICE Officer, and then crazily kicking in a new and very expensive government vehicle, so hard and violent, in fact, that the taillight broke off in pieces. It was quite a display of abuse and anger, for all to see, crazed and out of control."[16]

- **Mr. President, you are covering up unjustified killings of civilians and impeding efforts to hold those responsible accountable.** For your edification, a cover-up is a usually concerted effort to prevent an illegal or unethical act or situation from being made public. By withholding evidence necessary for independent investigations while immediately and publicly advancing phony accounts purporting to justify officers' conduct, your administration has impeded efforts by local law enforcement officers to determine and publicly disclose what happened. This hindrance, coupled with your fallacious defense of the killings and fatuous maligning of the victims, constitutes a cover-up. Additionally:
    - Mr. President, on July 7, 2026, an ICE officer shot and killed 52-year-old Lorenzo Salgado Araujo, an unarmed undocumented immigrant who had lived and worked

in the United States for nearly 35 years.[17] The Department of Justice (DOJ) and Department of Homeland Security (DHS) refused to cooperate with local investigations, refused to disclose the identities of the officers involved, claimed the officers acted in self-defense, and immediately portrayed Mr. Araujo as an aggressor.[18] Federal officials then publicly prevaricated that Mr. Araujo was involved in narcotics activity by highlighting the discovery of a "crystal-like substance" in his vehicle.[19] However, subsequent laboratory testing confirmed that the substance was not an illicit drug.

- **Mr. President, you continued to condone and support the unjustified life-threatening policies and lethal practices of ICE and CBP at issue despite the unjustified killings of civilians,** demonstrating your continued support for your September 7, 2024, vision of bloody, aggressive immigration enforcement, even after these practices resulted in the unjustified killings and notwithstanding your Department of Homeland Security's brief cessation of non-urgent traffic stops pursuant to an internal protocol.
    - Mr. President, on July 13, 2026, ICE officers shot and killed 25-year-old Johan Sebastián Durán Guerrero, an unarmed civilian with work authorization.[20] After this killing, pursuant to an internal protocol, DHS briefly ceased non-urgent traffic

stops. You then swiftly countermanded the DHS protocol and commended the men and women of ICE, giving them reason to believe that you were aware of what they were doing and approved of what they were doing. Mr. President, you posted on your Truth Social account, "The men and women of ICE are doing a GREAT job, one that has to be done. We CANNOT give up one of I.C.E.'s most important and effective Crime Fighting tools, THE TRAFFIC STOP!"[21] You continued to condone and support the unjustified killings of civilians by ICE and CBP agents, endorsing what amounts to a "shoot first, lie later" use of unjustified deadly force that has been covered up with ridiculous, insidious prevarications—an approach that has resulted in the brutal, unjustified killings of civilians.

Mr. President, you have demonstrated that you are, and will remain, a threat to civilian human life, our national security, our democracy, and our Constitution if you are allowed to remain in office. Mr. President, justice demands that you resign as President of the United States or be impeached for your abuse of presidential power by inciting, condoning, supporting, and managing unjustified killings, shootings, and cover-ups that shield federal immigration officers from the consequences of their actions.
