RE: Congressman Al Green Appropriations Requests for the House Appropriations Committee Subcommittee on Energy and Water Development and Related Agencies.

Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the Space Healthcare and Training Program in fiscal year 2024. The entity to receive funding for this project is the Baylor College of Medicine, located at One Baylor Plaza, Houston, Texas 77030. The funding will provide the necessary biomedical components for the commercial space sector, leverage existing resources, and build on the successes and strengths of BCM and its partners. The project is an appropriate use of taxpayer funds because support of biomedical training, education, medical evaluation, human health risk assessment and countermeasures, and the cultivation of a growing and inclusive community of scientists, engineers and physicians who will strengthen the space health aspects of human commercial spaceflight going forward.

The project has a Federal nexus because the funding provided is for purposes authorized by 51 U.S.C. 20102(c).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Should you require additional information, please contact my Chief of Staff, Scott Bell, by email at Scott.Bell@mail.house.gov or phone at 202-893-0438.

Sincerely,

AL GREEN

Member of Congress
